

Kermanshah University
of Medical Sciences
(KUMS)

– *Curriculum Vitae*
Dr Nasrin Amirifard MD,
Radiation oncologist

Personal Data

Name: **Nasrin**

Surname: **Amirifard**

Nationality: Iranian

Associate professor of Radiation Oncology Department, Imam Reza Hospital,
Kermanshah University of Medical Sciences (KUMS), Kermanshah, IRAN

E-mail: amirifardnasrin@kums.ac.ir & amirifard.n@gmail.com

Qualifications

1. MD degree from Medical Faculty of Iran University of Medical Sciences, Tehran, 1992
2. Specialisation board-certified degree in Radiotherapy & Oncology from Medical Faculty of Isfahan University of Medical Sciences, Isfahan, Iran, 1996
3. In the Iranian Board Examinations for Radiotherapy & Oncology Specialisation of the year 1996, I ranked first in the written exam part.

Skills & Activities

Skills Radiation therapy, concurrent chemoradiation, chemotherapy.

Clinical oncology. Breast Cancer, GI cancers, Cancer Biology, Cancer Biomarkers, Cancer Diagnostics, Pathology, Diagnosis,

Languages English, Persian , Kurdish

Research Interests *Clinical Oncology (Especially Breast Cancer and Gastrointestinal (GI) Cancers)*

Education and Professional Careers

- Faculty member (senior lecturer), Medical Faculty of Kermanshah University of Medical Sciences (from 1997)
- Head of Radiation oncology department (From 2009)
- Head of breast cancer research center Since as of 2009
- Director of Radiotherapy & Oncology Ward, Kermanshah University of Medical Sciences (2007 to 2009)
- Commissioning the Radiotherapy & Oncology Ward, 2007
- Teaching *the theory of malignant tumors* under the topics of surgery, urology, orthopedics, etc (for medical students)
- Teaching relevant topics of the Codified Programme of Continuous Medical Education for General Practitioners January 2004 and July 2004
- Teaching *the gastric and duodenal malignancies* within the Codified Programme of Continuous Medical Education for General Surgeons February 1998
- Teaching the Codified Programme of Continuous Medical Education for General Surgeons, March 2000
- Teaching *Radiation Enteritis* within the Codified Programme of ‘Continuous Medical Education for General Surgeons March 2002
- Discussing *Radiotherapy of Breast Cancer* at the ‘Round Table’ of Clinical Groups of Kermanshah University of Medical Sciences, September 1997
- Teaching *the Role of Tumour Markers* within the Codified Programme of Continuous Medical Education for Laboratory Sciences Specialists December, 2003

- Teaching *Chemotherapy and Radiotherapy in the Cancer of Cervix* the Codified Programme of Continuous Medical Education for Obstetricians & Gynaecologists, December 2008
- Cooperation with '*Behboud*', the scientific-research journal of Kermanshah University of Medical Sciences in the arena of judging the articles as of the year 2002

I have, also, attended the following educational courses abroad:

- Educational Course of *New Techniques of Radiotherapy with Linear Accelerator Devices* (including IMRT), UMCU university, Netherlands, June 2005
- *Colorectal Cancer*, United Arab Emirates, July 2006
- *ESTRO Annual Congress*, Spain, February 2007

Research

1. A Survey of Clinical Course of Breast Cancer within under-35, 35-50 and above-50 Age Ranges on the Basis of Clinical, Biological and Pathological Indices (as the major colleague).
2. Epidemiology Plan of esophageal Cancer (jointly conducted with the Centre for Gastrointestinal Research of Tehran University of Medical Sciences)
3. The study of relationship between emotional intelligence and anxiety and depression in patients with breast cancer
4. Comparison of different methods of external radiation absorbed dose in lung tissue in the breast after mastectomy.
5. Comparison of the results of the two methods mastectomy and conservative surgery in breast cancer patients.
6. The effect of Alpha ointment versus Hydrocortison 1% ointment in prevention radiation-induced acute skin complications in patients with breast cancer.
7. Clinical and pathological evaluation of biomarkers and their role in the treatment of patients with breast cancer in Kermanshah province.
8. Epidemiology of breast cancer in young women in the west of Iran.

Conference Proceedings

1. Nasrin Amirifard: *the Role of Radiotherapy in Breast Cancer*, The Seminar on Breast Diseases, Kermanshah University of Medical Sciences December 2001
2. Nasrin Amirifard: *the Role of Hormone Therapy in Breast Cancer*, The Seminar on Breast Diseases, Kermanshah University of Medical Sciences December 2001
3. Nasrin Amirifard: *A Rare Case of Extranodal Lymphoma in Cervix Uteri*, the 27th Annual Congress of Surgeons Association, Iran, May 2003
4. Nasrin Amirifard: *Radiotherapy and Chemotherapy in Cancers of Females*, the Codified Programme of Continuous Medical Education for Obstetricians & Gynaecologists, Kermanshah, Iran, February 2004
5. Nasrin Amirifard: *Adjuvant Therapy in Breast Cancer*, Scientific Conference on Breast Diseases, Kermanshah University of Medical Sciences, June 2004
6. Nasrin Amirifard, Vahid Farnia, Samadzadeh, Malekniazi: Biological and Clinical Characteristics of Breast Cancer in Patients Attending Taleghani Hospital of Kermanshah, Clinical Oncology Annual Seminar, Tehran, January 2008

Workshops

The following is a list of workshops I have attended thus far:

1. Resuscitation of Neonates
2. Complementary Research Method
3. Acquaintance with Databases and Electronic Resources
4. Judging and Criticising of Articles
5. Writing and Presentation of Medical Articles
6. Preliminary Medical Education Workshop
7. Educational Course of Occupational Safety in Radiotherapy
8. Ten Research Steps in Health Systems
