

CURRICULUM VITAE

Vahid Farnia

Personal History

- **First name:** Vahid
- **Last name:** Farnia
- **Birth:** 1973
- **Marital Status:** Married
- **Address:** Substance abuse prevention research center, Kermanshah University of Medical Sciences, Kermanshah, Iran
- **Email:** vfarnia@kums.ac.ir
- **Phone:**

Education

- **High School:** Dr. Fatemi , Kermanshah, Iran, 1987-91
- **MD:** Isfahan University of medical sciences, Isfahan, Iran, 1995-2002
- **Residency:** Tehran University of medical sciences, Tehran, Iran, 2005-2008
- **National board certification:** 2009

Professional Appointments and membership

- Associate Professor, Department of Psychiatry, Medical School, Kermanshah University of Medical Science, Kermanshah, Iran, 2010 to Present.
- Head and Organizer of Behavioral Sciences Research Center, Kermanshah University of Medical Science, Kermanshah, Iran, 2010 to 2013.
- Member of Substance abuse prevention research center, Kermanshah University of Medical Sciences, Kermanshah, Iran, 2012 to present
- Head of Farabi mental hospital, Kermanshah University of Medical Science, Kermanshah, Iran, 2009 to 2012.
- Head of Psychiatrists Scientific Association, Kermanshah branch, Kermanshah, Iran, 2010 to 2014.
- Head and Organizer of Substance Abuse Prevention Research Center, Kermanshah University of Medical Science, Kermanshah, Iran, 2014 to Present.
- Member of the organizing committee, conference and Exhibition on Dual Diagnosis, 2017, Monich, Germany.
- Member of the organizing committee, 5th International Conference and Exhibition on Addiction Research & Therapy 2017, Atlanta, USA.

Clinical and Research Interests

- Neuropsychiatric disorders
- Addiction studies
- Sexual Dysfunction
- Brain Electrophysiology
- Psychopharmacology
- Clinical Trials

Computer Abilities

- SPSS
- Microsoft Office

Presentations

- "Treatment of premature ejaculation" at the second international congress on sexual disorders, Tehran, Iran, 2008
- "MRI findings and renal function in patients under lithium therapy" at the European annual congress, Nice, France, 2013
- " Effect of maternal anxiety on maternal serum and fetal cord blood cortisol" at the Switzerland annual congress on biological psychiatry, Solothern, Switzerland, 2014
- methamphetamine-Induced psychiatric Disorders .2th International conference and Exhibition on Dual Diagnosis,2017,Monich, Germany.
- Amphetamine psychosis: Clinical features and treatment 5th International Conference and Exhibition on Addiction Research & Therapy2017, Atlanta, USA.

Papers

- Sadeghi Bahmani D, Razazian N, Farnia V, Alikhani M, Tatari F, Brand S. Compared to an active control condition, in persons with multiple sclerosis two different types of exercise training improved sleep and depression, but not fatigue, paresthesia, and intolerance of uncertainty. *Mult Scler Relat Disord.* 2019 29;36.
- Farnia V, Alikhani M, Ebrahimi A, Golshani S, Sadeghi Bahmani D, Brand S. Ginseng treatment improves the sexual side effects of methadone maintenance treatment. *Psychiatry Res.* 2019;276:142-150. doi: 10.1016/j.psychres.2019.05.004

- Sadeghi Bahmani D, Razazian N, Motl, RB, Farnia V, Alikhani M, Pühse U, Gerber M, Brand S. physical activity interventions can improve emotion regulation and dimensions of empathy in persons with multiple sclerosis: An exploratory study. doi.org/10.1016/j.msard.2019.101380. In press 2019.
- Farnia V, Alikhani M, Davarinejad O, Golshani, S; Salemi, S; Hookari, S; Jalali, A; Radmehr, F; Ramyar, H. A discriminant analysis of psychological and brain-behavioural system features to predict methamphetamine dependence. *NeuroQuantology* . 2019, Vol. 17 8, 24-32.
