

**Weekly schedule courses for International medical students in first semester- Class Number 6
1402-1403**

	8/10- 10/10	10/15-12/15	14-16	16-18
Saturday	Basic Anatomy	Health Psychology	Education of Persian Language	Education of Persian Language
Sunday	Medical Ethics 1	Persian Language 10:15-13:15	Practical Biochemistry	Practical Biochemistry
Monday	Cell – Molecular Biochemistry	Practical Anatomy	---	Education of Persian Language
Tuesday	Practical Anatomy	General English 10:15-13:15	Quran Interpretation	Islamic Thought 1
Wednesday	Cell Physiology	Practical Biochemistry	Education of Persian Language	Education of Persian Language
Thursday	Physiology Sport 1	---	---	---

Weekly schedule courses for International medical students in second semester- Class Number 3
1402-1403

	8/10- 10/10	10/15-12/15	14-16	16-18
Saturday	Anatomy of Gastrointestinal & Respiration	Immunology	Practical Anatomy	Practical Anatomy
			Practical Bacteriology	Practical Bacteriology
Sunday	Medical Ethics 2	Specialized of English 1 10:15-13:15	Practical of Anatomy	Practical Anatomy
			Practical of Biochemistry	Practical Biochemistry
Monday	Discipline Biochemistry	Practical Bacteriology	Practical Immunology	Practical Immunology
Tuesday	Hearth Anatomy	Theory Bacteriology	Quran Interpretation	Practical Immunology
Wednesday	Physiology of Respiration & Gastrointestinal & Hearth	Anatomy of Gastrointestinal & Respiration	Theory Bacteriology	Practical Immunology
				Practical Bacteriology
Thursday	---	---	---	---

**Weekly schedule courses for International medical students in Third semester- Class Number 2
1402-1403**

	8/10- 10/10	10/15-12/15	14-16	16-18
Saturday	Physiology of Endocrine genetology and Blood	Parasitology & Mycology	---	Practical Physiology
	Practical Physiology			
Sunday	Principle of Health	Parasitology & Mycology	Practical Anatomy	Practical Anatomy Practical Physiology Practical Parasitology & mycology
			Practical Parasitology & mycology	Practical Physiology
Monday	Anatomy of Endocrine & Genitourinary	Medical Ethics 3	Anatomy Muscular and Skeleton	Practical Physiology
Tuesday	Hormone Biochemistry	Persian Language 10:15- 15:15	Specialized English 2	---
Wednesday	Medical of Virology	Physiology of Endocrine General and Blood	Practical Anatomy Practical Physiology	Practical Anatomy
		Practical Physiology	Practical Parasitology & mycology	Practical Parasitology & mycology
Thursday	Physiology Sport 2	---	---	---

**Weekly schedule courses for International medical students in fourth semester- Class Number 5
1402-1403**

	8/10- 10/15	10/15-12/15	14-16	16-18
Saturday	Anatomical sciences of head, neck and special Senses	Theoretical of Pathology Emam Reza Amfiteater	Practical Anatomy ----- Practical Physiology	Ethical Philosophy
Sunday	Principle of Epidemiology	Anatomical sciences of head, neck and special Senses	Practical Physiology	Practical Anatomy
Monday	Practical Pathology	Practical Physiology	Social and Political Rights	Practical Anatomy
Tuesday	Practical Anatomy	Theoretical Pathology Emam Reza Amfiteater	Practical Physiology	Practical Pathology ----- Practical Anatomy
Wednesday	Physiology of Nerves and Special Senses	Physiology of Nerves and Special Senses	Medical Ethics	Practical Pathology
Thursday	---	---	---	---
