

## **Achievements of the Urology Group:**

- **The Urology Department of Kermanshah University of Medical Sciences carries out its educational and therapeutic activities in the Imam Reza (AS) Educational and Medical Center, along with other departments. The facilities of the department in this center include 40 inpatient urology beds, 12 outpatient urology beds, and 6 kidney transplant beds. The Urology Department has been engaged in training medical students and interns in the Fourth Martyr Mehrab Educational and Medical Center since 1988, based on the regulatory program of the Faculty of Medicine, and has started accepting specialized assistants since 1992 and continues to this day. In March 2005, the Urology Department was transferred to the newly established Imam Reza (AS) Educational and Medical Center, along with other specialized departments that were gradually launched in this center, and has continued its activities in the form of a general hospital until now. There are 7 members of the Urology Department in the organizational chart of the Faculty of Medicine and they are working in the hospital:**
  - **One Pediatric Fellowship Professor**
  - **One Assistant Professor of Kidney Transplant Fellowship**

- **One Assistant Professor of Gynecological Urology Fellowship**
- **One Assistant Professor of Urology Specialist**
- **One Educational Fellow of Endo-Urology and Laparoscopy Fellowship**
- **One Educational Fellow of Endo-Urology Fellowship**
- **Two Educational Fellows of Urology Specialist**
- **The Urology Department has successfully performed more than 2000 kidney transplants since 1980.**
- **The Urology Department is active in all urological surgeries including pediatrics, oncology, endourology, gynecology and endourology.**
- **This department is currently fully approved by the board in the field of accepting specialized assistants and 3 urology assistants are accepted in this department annually.**
